B. Intellectual Skills			
	On successful completion of their programme, students are expected to be able to:	Learning, Teaching and Assessment Strategies to enable outcomes to be achieved and demonstrated	
		Learning and Teaching Methods	Assessment Methods
1	construct reasoned argument, synthesize relevant information and exercise critical judgement	<ul style="list-style-type: none"> • lectures (B2) • tutorials (B1, 3, 4) • seminars (B1, 3, 4) • group work (B2, 5) • individual work (B1, 3, 4) • guided reading (B1, 3, 4) • Virtual Learning Environment (Blackboard) (B3) 	<ul style="list-style-type: none"> • assignments (B1-5) • end of teaching period examination (B1, 2) • in-class test (B2) • essay (B1, 2, 3) • individual project (B1-4) • group project (B1-5) • presentation (B1, 2, 4) • advanced research dissertation (B1-5)
2	gather, organise, deploy and analyse evidence, data and information from a variety of primary and secondary sources		
3	evaluate contrasting academic arguments and claims about English and its use		
4	identify, investigate, analyse and formulate solutions to problems		
5	plan, carry out and present investigations into topics in English language, culminating in an extended individual research study		

C. Professional Skills			
	On successful completion of their programme, students are expected to be able to:	Learning, Teaching and Assessment Strategies to enable outcomes to be achieved and demonstrated	
		Learning and Teaching Methods	Assessment Methods
1	identify practical language problems and discriminate between possible solutions in the light of concepts learned	<ul style="list-style-type: none"> • tutorials (C1) • group work (C1, 2) • guided reading (C1) 	<ul style="list-style-type: none"> • written work (C1) • presentations (C2) • individual project (C1-2) • group project (C1-2) • advanced research dissertation (C1)
2	apply their key skills and competencies within a real world situation, initially via optional placement experience, then on graduation		

D. Transferable Skills

On successful completion of their programme, students are expected to show:		Learning, Teaching and Assessment Strategies to enable outcomes to be achieved and demonstrated	
		Learning and Teaching Methods	Assessment Methods
1	team working skills	<ol style="list-style-type: none"> 1. tutorials (D3) 2. seminars (D1, 3) 3. group work (D1, 2, 3) 4. individual work (D2, 4, 5) 5. Virtual Learning Environment (Blackboard) (D4) 	<ul style="list-style-type: none"> • written work (D2, 4, 5) • presentations (D4, 5) • individual project (D2, 4, 5) • group project (D1-5) • advanced research dissertation (D2-5)
2	independent application of research skills		
3	ability to engage in informed discussion, to accept constructive criticism and to criticise constructively		
4	use communication and information technology for the retrieval and presentation of information		
5	work independently, demonstrating initiative, self-organization and time management		

Entry Requirements	In addition to satisfying the general entry requirements, candidates must satisfy any specific entry requirements for each programme as approved by the School Learning and Teaching Committee. These may include an interview and a diagnostic test.
Programme Regulations	<p>In order to qualify for the award of the degree a student must have attended the required proportion of tutorials, seminars, practical classes, and lectures specified by the Head of School Executive Dean in the Student Handbook. The Programme Handbook provides details of procedures for monitoring attendance and dealing with poor attendance.</p> <p>Industrial/Professional Training</p> <p>Placement Year (for 480 credits programme)</p> <ol style="list-style-type: none"> 1. Students will be required to follow a course of study for one academic year, on a programme approved by the School Executive Dean; or undertake a work placement approved by the School Executive Dean; or undertake a combination of these. 2. Students will be required to undertake the following work during their placement, as specified by the School Executive Dean: <ol style="list-style-type: none"> a. EITHER to sit examinations at the approved institution at which the course of study was followed b. OR to submit a project on an approved subject c. AND/OR to sit a viva voce examination on return to the Final Year of the programme d. OR to undertake two or all of the above, depending on the country and subject of study placement

	<p>Requirements for the Ordinary Degree (100 credits)</p> <ol style="list-style-type: none"> 1. <u>Transfer to Ordinary Degree</u> Students may not normally study more than two subjects on an Ordinary Degree programme. 2. <u>Required Modules</u> The Associate Dean, Undergraduate Programmes will determine which 100 credits, out of the 120 credits for the corresponding stage of the Honours programme, should be taken at each stage. 3. <u>Stage Two Assessment</u> The Ordinary Degree Stage Two assessment will be held at specified times before the final stage of the programme and will comprise 100 credits from the modules set out in the relevant programme or subject specifications (to be determined by the Associate Dean, Director of Undergraduate Programmes). 4. <u>Final Assessment</u> The Ordinary Degree final assessment will comprise 100 credits from the modules set out in the relevant programme or subject specifications (to be determined by the Associate Dean, Undergraduate Programmes).
--	---

General Regulations (<http://www1.aston.ac.uk/registry/for-staff/regsandpolicies/general-regulations/>) and the Regulations for the programme (above) take precedence over other information sources such as student handbooks if there is a conflict. If there is a conflict between General Regulations and Programme Regulations then General Regulations take precedence unless an exemption has been approved.

Further Information	
---------------------	--

This specification provides a concise summary of the main features of the programme and the threshold learning outcomes that a student might normally be expected to achieve and demonstrate if he/she takes full advantage of the learning opportunities that are provided. **The individual modules included in the programme may differ from those included in this programme specification as our programmes are subject to continuous review.** Information on admissions requirements and career opportunities is available in the relevant prospectus. More detailed information on the learning outcomes, content and teaching, learning and assessment methods of each module can be found in the appropriate module guides and programme handbook(s) which are available to students on enrolment. The accuracy of the information contained in this document is reviewed by the University and may be audited by the Quality Assurance Agency for Higher Education.
