

PAY STRUCTURE FOR SENIOR STAFF

(NB: salaries quoted reflect the outcome of the revised national pay rates from 1 August 2017)

The University Council, at its meeting on 19 May 2004, approved a methodology for pay progression for senior staff (i.e. those paid according to the professorial and professorial equivalent academic-related grades).

The revised structure is based on the following principles:

- 1) a) The assumption that nationally negotiated annual cost of living awards, will continue to apply, to maintain equity with other academic grades;
- b) The introduction of three salary bands as follows:
 - i) **Band 1 - Incremental Range**
Commencing at the equivalent of the former nationally agreed professorial minimum salary (£56,791 pa), and rising to a maximum of £88,388 pa (at 01/08/17 rates). Staff will normally progress by annual increments of approximately 3%, payable on 1 August, to the maximum of the range, subject to satisfactory performance and to the provisions which apply within the Performance Related Pay (PRP) Scheme for other grades of staff, i.e. the Vice-Chancellor will have the authority to award accelerated incremental progression on the basis of performance, or the need to retain staff with scarce and valuable skills.

The full Band 1 - Incremental Range is as follows:
