Students get the Best of both worlds

A degree apprenticeship is a level 6 or level 7 qualification that is designed to give students the skills and knowledge to further their career within a specific profession.

A debt free degree

There are no tuition fees to pay so you won't need a student loan to fund your studies.

Earn while you learn

You'll be paid a proper full time salary for the duration of your apprenticeship.

Graduate with a full degree

Gain an honours degree on an apprenticeship designed in collaboration with our partner businesses.

Jumpstart your career

With up to five years' of quality work experience on your CV you'll be ahead of the competition.

The route to success

88% of our degree apprentice graduates earned a first class or upper second class degree.
